SUMMARY

Motivated IT student with strong knowledge in programming and scripting languages including Python, Java, JavaScript, and TypeScript. Experienced in full-stack web development using React and MongoDB. Passionate about building responsive web applications and continuously learning emerging technologies.

SKILLS

- **Programming:** Python, Java, SQL.
- **Scripting:** TypeScript, JavaScript.
- **Web Development:** HTML5, CSS3, React.js, Next.js, Tailwind CSS.
- **Database Management:** MongoDB, MySQL.
- **Tools & Platforms:** Git/GitHub, VS Code, Postman, Netlify, Vercel, Apache.
- **Soft Skills:** Leadership, Continuous Learning, Time Management, Communication.

PROJECTS

1. Personal Portfolio

Live Demo: <https://efronport.netlify.app/>

- Developed a *personal portfolio website* to showcase skills and projects.
- Built using *Next.js, TypeScript, Framer Motion*.
- Designed with a *modern, responsive layout* to highlight work effectively.

2. Painters Booking Site

Live Demo: <https://painter-frontend-psi.vercel.app/>

- Developed a *full-stack web application* for booking painters.
- Customers can *view painter profiles*, see basic information and past projects, and book painters online.
- Admin can *manage all painters and users data* efficiently.
- Built using *React, JavaScript, MongoDB*, deployed on *Vercel* with *Lottie Animations* and *Cloudinary* integration.

3.To-Do List

- Developed a *full-stack To-Do List application* to manage daily tasks.
- Implemented features for *adding, editing, and deleting tasks*.
- Built using *React, JavaScript, and MongoDB*.

4.Real Estate UI

- Developed a *frontend-only Real Estate website UI*.
- Focused on *modern design, responsive layout, and user-friendly interface*.
- Built using *React, JavaScript*.

EDUCATION

- **St. Joseph's College** | *BCA* | *Trichy, TN* | *2023–26* | *CGPA: 7.10* | *NSS Secretary*
- **St. Joseph's Higher Secondary School** | *SSC & HSC* | *Pudukkottai, TN* | *Science Stream*

CERTIFICATIONS

- **Typewriting Certificate (*Junior Level, First Class with Distinction*)** – Awarded by Government
- **Career Essentials in Software Development** – Microsoft & LinkedIn Learning
- **Python Beginner** – Department of Computer Science, St. Joseph's College
- **Python with Libraries** – Department of Information Technology, St. Joseph's College

LANGUAGES

- Tamil
- English

HOBBIES

- **Productive Social Media Use:** Exploring technology, learning resources, and staying updated with IT trends.
- **Early Morning Problem Solving:** Solving coding challenges and practicing skills on online platforms.
